

KOR-IT® Inc.

Engineering, Design & Manufacturing
Core Drill Machines

They keep drilling and drilling and drilling...
Fast, Accurate, Multi-Purpose Drilling
SAVES TIME & INCREASES PROFIT POTENTIAL

Heavy -Duty, Rust-Resistant Construction
Complete, Ready-To-Use Systems

Engineering, Design & Manufacturing

Accurate, faster drilling brings jobs in on time!

Multi-purpose

- Designed for hard-to-reach and standard applications
- Ideal drill stand for floor, wall, and ceiling mounted drilling
- Up to 24-inch diameter core bit capacity with extension options

Years of easy use and dependable service

- Heavy-duty column and carriage assembly
- Rest-resistant, light-weight aluminum construction
- Out in the field since 1965

- **Easy alignment for accurate hole positioning**

K-102

- Flexible, multi-purpose vacuum/anchor bolt drilling system
- Optional angle drilling
- Minimum change-over for anchor or vacuum hold down
- Easy transport with 6-inch wheels

Stable drilling environment

- High performance vacuum pump provides more than 1000 pounds of vacuum force and quickly grabs most surfaces
- Longer bit life with stable drilling system

K-102 System drills up to 12" diameter holes and includes:

Drill stand, 3.5 HP electric motor, 20 amp, 115 volt, 50/60 Hz drill motor with 2-speed gear box, 350/900 RPM, water swivel, combination vacuum pad/anchor bolt base, large (6-inch) rubber wheels, oil-less vacuum pump, vacuum filter, hose and quick connections, 22-inch carriage travel.

K-90 and K-201

Complete anchor bolt drilling systems

- K-90 – Our lightest weight system for drilling in limited space area (2 ½-inch square column)
- K-201 – Heavy-Duty production drilling system (3-inch precision column)

K-90 and K-201 Drill Systems Include:

Drill stand, 3.5 HP electric motor, 20 amp, 115 volt, 50/60 Hz drill motor with 2-speed gear box, 350/900 RPM, up to 12-inch diameter holes, water swivel, anchor bolt base, 22-inch to 36-inch carriage travel.

K-201HR System drills up to 12" diameter holes and includes:

Drill stand, Roller precision carriage for high production drilling, Hydraulic motor, 20 GPM @ 2000 PSI, optional extensions, 12-inch standard, water swivel, anchor bolt base, 36-inch carriage travel standard.

MODEL #	HORSE POWER	VOLTS/AMPS	APPROX. WEIGHT	CYCLE	COLUMN DIMS.	VACUUM PUMP	MAX BIT CAPACITY (*WITH OPT)	CARRIAGE TRAVEL	CARRIAGE TRAVEL (WITH OPT)
